## About Karachi

Karachi is a bustling metropolis of over 20 million people, located on the southern coastline of Sindh province next to the Arabian Sea. It is the industrial and commercial hub of Pakistan with several industrial zones, an international airport, two seaports and rail and road linkages to the rest of the country. With several renowned universities located in the city, Karachi is a center for education and learning in South Asia and the Muslim world. The city is an ongoing bonanza of shopping surprises that dizzies with enchanting sights and sounds of amazing bargains. Most hotels, restaurants and many shops accept international credit cards. Pakistan standard time is Greenwich Time (GMT) + 5 hours. The electrical supply is 220-240 volts A.C.

## The Institution of Engineers Pakistan (IEP)

IEP was established in 1948 as a premier national body working for the advancement of the engineering profession. Besides having biggest centre at Karachi and headquarter in Lahore, IEP centers are in all major cities of Pakistan as well as in Riyadh, Saudi Arabia, Bahrain & Tri States (New Jersey, New York & Connecticut). IEP has signed technical collaboration agreements with more than forty professional Engineering Organizations across the globe. IEP is also the member of six international / regional engineering bodies and has the honor to represent Pakistan at these forums. In May 2016, IEP Karachi Centre successfully organized the 1st International Electrical Engineering Congress, jointly with NED University. The event received tremendous response from international and local researchers and participants. The bench marking event emerged as platform for professional and academia collaboration. IEP and NED UET (Department of Electrical Engineering) are going to organize **2nd International Electrical Engineering Conference** which will be held on **19th and 20th May, 2017** at IEP Karachi Centre.

## NED University Of Engineering & Technology

NED University is one of the oldest engineering institutions of Pakistan currently offering Bachelors, Masters and Doctoral degree programs. The programs are aimed at preparing students to shoulder their professional responsibilities and enable them to contribute in research and development in related fields. Various seminars and conferences are held every year which not only provide practical exposure to students but also a platform for academia-industry collaboration.

## Scope of IEEC-2017

The conference covers all areas of Electrical Engineering, which includes but not limited to the following:

- Electrical Power Systems and Policies
- Renewable Energy
- Robotics and Mechatronics
- Control Systems and Automation
- Signal, Image and, Speech Processing
- Artificial Intelligence
- Smart Devices, Systems and Applications
- Electronics and Applications
- Telecommunication Systems
- Information and Communication Technologies

## Glimpses of 1st INTERNATIONAL ELECTRICAL ENGINEERING CONGRESS

held at IEP-KC, on 13th & 14th May, 2016
