

12th IEEC Conference Registration Details

Registration is a vital step in ensuring the effective planning and successful execution of the conference. It enables the organizing committee to manage logistics, allocate resources efficiently, and provide a seamless experience for all participants, including authors, speakers, and attendees. For contributors, timely registration confirms participation and facilitates the inclusion of accepted papers in the conference program and subsequent publication in IEEE Xplore, thereby ensuring global visibility and academic recognition. Additionally, structured registration categories—such as free registration for authors and discounted rates for IEEE members and early bird participants (until 31st August 2026)—encourage wider participation while maintaining accessibility and inclusivity.

Similarly, registration for the workshops is equally important, as these sessions are designed to offer focused, hands-on learning experiences with limited capacity. Advance registration helps organizers plan technical arrangements, allocate appropriate resources, and ensure meaningful engagement between participants and resource persons. The provision of discounted rates for IEEE members further promotes professional development within the engineering community. As the conference will be held in Sri Lanka, on-site registration and fee submission at the registration desk will streamline the process; however, participants are advised to stay informed in case of any updated instructions communicated by the organizers. Overall, timely registration not only secures participation but also enhances the quality and organization of both the conference and its associated workshops.

Conference is financially co-sponsored by the IEEE Sri Lanka Central Region Subsection (IEEE-CRSS). Further details regarding the registration are given below.

Registration Fees for Local Participants

Role	Normal (LKR)	Early bird or IEEE membership only (LKR)	Early bird and IEEE membership (LKR)
Author	Free	Free	Free
Student Authors	Free	Free	Free
Participant only	15,000	11,000	10,000

Registration Fees for SAARC Countries Participants Attending in Person

Role	Normal (USD)	Early bird or IEEE Membership only (USD)	Early bird and IEEE Membership (USD)
Author	Free	Free	Free
Student author	Free	Free	Free
Participant only	150	90	80

Registration Fees for International Participants Attending in Person

Role	Normal (USD)	Early bird or IEEE Membership only (USD)	Early bird and IEEE Membership (USD)
Author	Free	Free	Free
Student author	Free	Free	Free
Participant only	200	150	125

Registration Fees for International/SAARC-Countries Participants Attending Online

Role	Normal (USD)	Early bird or IEEE Membership only (USD)	Early bird and IEEE Membership (USD)
Author	Free	Free	Free
Student author	Free	Free	Free
Participant only	100	75	60

Registration Fees for Tutorials and Workshops

Participant Status	Normal (LKR)	IEEE Membership (LKR)
Conference workshops	17500	13125
Conference workshops – Student	12500	9375
